OB ULTRASOUND PRICING

A 3D/4D ultrasound can be scheduled by the patient as an “entertainment” appointment. For the best results we recommend this at 25-28 weeks. Pricing includes a USB of your baby along with approximately 4-8 pictures. The anatomy and growth of the baby is **NOT** evaluated during this type of appointment. A patient consent form is necessary.

Single.....\$200

Twins.....\$250

Ultrasounds ordered by your physician for medical purposes are billed directly to your insurance company. If your doctor orders an ultrasound between 25-28 weeks you may schedule an extra 10 minutes to allow for some additional 3D/4D “entertainment” pictures. Pricing includes a USB of your baby and approximately 4-8 pictures.

Single.....\$100

Twins.....\$150

The technician always strives for the best images possible. Occasionally the position of the baby does not allow for the ‘best’ pictures. Generations still charges the above fees for the time allotted for your appointment.

Full payment is collected when you check-in for your ultrasound.

CANCELLATION POLICY: “Entertainment” ultrasound appointments not cancelled within a 24-hour notice will result in a \$100 patient charge. Thank you for understanding.
